Our Stones

INDIANA LIMESTONE – FULL COLOR BLEND™
A natural, full range compilation of warm buff colors and medium gray tones are present within this historic limestone quarried in Bloomington, Indiana. Subtle veining meanders throughout the surface creating a unique movement in this medium grained, standard grade stone.

INDIANA LIMESTONE – FOSSIL BEIGE™
Quarried in Bloomington, Indiana, this limestone has finely blended ripples of beige and grey that provide a neutral backdrop to small shell inclusions and occasional russet-colored flakes. Its dense, compact grain structure gives it a marble-like quality, making it the perfect choice for outdoor living spaces.

BETHEL WHITE® granite
This flawless white granite, quarried in Bethel, Vermont, is one of the most prized in the world. Its pure white base is sprinkled with tiny black flakes, giving it an effortlessly classic look that can easily be matched with various styles and colors.

CALEDONIA™ granite
Quarried in Rivière-à-Pierre, Québec, this granite is a true Canadian emblem. Its dark backdrop is mottled with flecks in various shades of taupe and gray. This granite is known for its color consistency, making it an ideal choice for projects to be completed in multiple phases.

EASTERN GRAY™ granite
Sourced from three different North American quarries, this granite is light to medium gray in color with a mid-size coarse grain. It is highly prised for its consistency in color.

GEORGIA MARBLE™ – PEARL GREY
The consistent grain structure of this North American marble from Tate, Georgia, contributes to its strength and resistance. The trilogy of white, gray, and black veins creates a dramatic statement that immediately draws the eye, making it the star attraction of any space.

SAINT HENRY BLACK™ granite
A masterpiece from Saint-Henri-de-Taillon, Québec, this granite is a patchwork of large, dark, metallic crystals that catch the eye, adding a subtle contemporary look and feel to this classic stone.

INDIANA LIMESTONE - FULL COLOR BLEND™
Vanderbilt® veneer

Estate Veneer Series

BEAUTY AND PERMANENCE COMBINED.
Embellish new builds with stately elegance or refresh an existing home by adding a classic touch. Polycor veneers are available in traditional full-bed veneer or thin veneer cladding. The Estate Veneer Series is available in a variety of stones, shapes, and sizes.

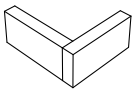

INDIANA LIMESTONE - FULL COLOR BLEND™
Berkshire® thin veneer

BERKSHIRE®

Berkshire® is a solid, split-face veneer. Variations in height create a classic, pleasant, and seemingly random definition for commercial and fine residential structures. Available in thin and full-bed veneer.

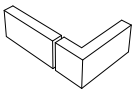

THIN VENEER
